

# COMPASSO

Studio Florense

O diferencial da coleção Compasso está no design, com angulações convergentes (chanfros) dos tampos e pés. Os tampos são construídos em painel leve de 55mm de espessura e as bordas com 10mm. Pés em MDF, são fixados ao tampo através de chapa metálica.

The most peculiar item of the Compasso Collection is its design with convergent angles of tops and legs. The tops of the Compasso Collection are made of 55mm thick and 10mm edges wood. The MDF legs are fixed to the top through a metallic plate.

La gran diferencia de la Colección Compasso está en el diseño, con ángulos convergentes (chaflanes) de las tapas y pies. Las tapas de la colección Compasso se construyen en sistema de panel ligero, con 55mm de espesor y bordes con 10mm. Pies de MDF se unem a la tapa a través de placa metálica.
